Dear Partners,

On behalf of Jelgava Local Municipality Council I would like to invite you to the workshop „Interactive public space of Jelgava Local Municipality” within “Trans in Form” project, which will take place on **October 4-6, 2010** in surroundings of Jelgava, Latvia.

The workshop is organised within the “Trans in Form” project work package Nr.5 “Investments and technical documentations”. During the workshop we will focus on the attractiveness potential of rural areas in the Baltic Sea region, especially on the topics like urban-rural interactions, integration of urban design elements into rural landscape and solutions to make rural areas more lively and attractive for local citizens and visitors.

According to the “Trans in Form” project application Jelgava Local municipality is going to implement the pilot investment project “Interactive Public Space” in Eleja manor park to create a new highlight for our region. We would appreciate your active participation as it would help to develop the future vision for our pilot investment project.

Please find attached the preliminary agenda and the registration form for the workshop. The deadline for the registration is **September 3, 2010**. All participants are requested to cover their own travel and accommodation expenses. Other costs will be covered by Jelgava Local Municipality.
