

Lousada becomes the epicenter of the first Transnational Meeting of Young Change Agents for the Social Economy with the YourForSE project

The municipality of Lousada, in Portugal, became the epicenter of the first Transnational Meeting of Young Change Agents for the Social Economy Ecosystem, under the European project YourForSE funded by the Erasmus+ program. Coordinated by the European Projects Office of the Government of Cantabria (OPE Cantabria), it also involves the Vidzeme region (Latvia) as a partner.

This meeting, promising to be a milestone in boosting youth participation in the social economy, opening new opportunities for transnational change and collaboration, offered participants a detailed description of the project, including its timeline, main designed activities, and the expected outcomes through the development of each one of them.e Social Economy.

FACTS ABOUT THE PROJECT

Name: YouForSE.

Program: ERASMUS + K210 Youth.

What it involves: It focuses on promoting social economy (SE) and entrepreneurship among young people aged 18 to 29 from rural environments in 3 European regions. Through active participation in training and co-creation events, alongside international experts in the field, SE companies, and relevant policymakers, a clear understanding of regional SE ecosystems in each country will be achieved.

Consortium: OPE Cantabria (Spain), Vidzeme Region (Latvia), and Municipality of Lousada (Portugal).

Duration: September 2023 - April 2025.

Objective: To promote youth participation in the social economy ecosystem through field visits and participatory development of understanding of social economy among stakeholders.

NEXT EVENT: 2ND MEETING OF THE CONSORTIUM

June 4-6, 2024

Santander, Cantabria
